

Comet Hunters Asteroid Seekers Classroom Edition

Killer Comets, Ominous Asteroids

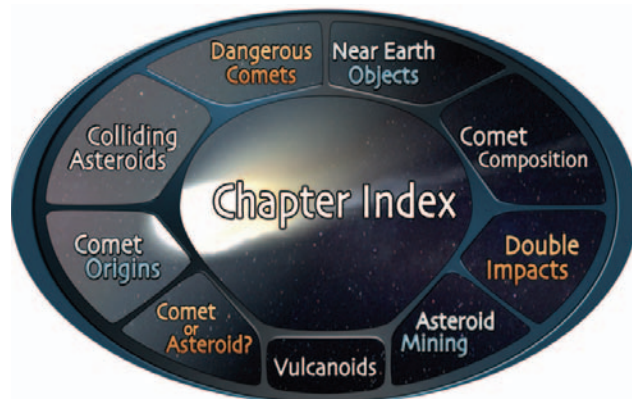

Where do comets and asteroids come from? What are they? Meet professional and amateur astronomers that search for comets and asteroids. Hear directly from scientists why comets are more dangerous than asteroids and how mining asteroids can provide valuable resources.

The 2005 Telly Award Winner for Education Video, this DVD comes complete with a teaching guide full of discussion questions, cross-curricular activities and correlations to national science standards. It is a wonderful educational resource that will inspire and excite your students about space science.

Run Time: 77 minutes.

Features:

- Bonus Image Galleries
- Chapters Index
