

# Eyes on Mars Classroom Edition

## Experience the Red Planet first-hand!

Do we see the Mars that truly is? Or the Mars we want to see? Students explore these and other exciting questions about the "Red Planet" in this dynamic DVD from the creators of Starry Night® software. The main feature is a fascinating movie about our ongoing quest to fully understand the truths and mysteries that are Mars. Other components include commentary by guest experts, a Mars art gallery, and short films about Mars explorations.

Winner of the 2005 Telly Multimedia Video and recommended by the Parents' Choice Foundation, this DVD comes complete with a teaching guide full of discussion questions, cross-curricular activities and correlations to national science standards. It is a wonderful educational resource that will inspire and excite your students about space science.

Run Time: 157 minutes.
